4. RISK FACTORS

4.1 Risk factors applicable to BOSWM Core Growth Fund, BOSWM Core Balanced Fund and BOSWM Core Defensive Fund

Target Fund risk

The Fund is designed to mirror closely the performance of the Target Fund. The Fund adopts a passive strategy, where it invests a minimum of 95% of its NAV into the Target Fund at all times and will not be adopting any temporary defensive position in response to events such as adverse market or economic conditions. As such, the Fund is exposed to the potential risk of the Target Fund's non-performance.

Notwithstanding the above, the Manager will manage the Fund's currency hedging activity in respect to the relevant Classes of units of the Fund to mitigate the currency risk of the Fund.

Currency risk

As the investments of the Fund principally consist of the Target Fund's share class(es) (which are denominated in USD), the fluctuation in the exchange rate between (a)USD; and (b)currency in which the Class of units that you invested in, may have an impact on your investment in the Fund. Take for example, if your investments in the Fund consist of Class of units denominated in MYR, the weakening of USD against MYR will negatively impact your investment in MYR term.

As the Fund is established as multi-class funds, the Fund may in any future dates offer Class(es) denominated in other foreign currencies. Such Class(es) is also exposed to same currency risk as described above.

To mitigate the currency risk, the Fund will utilize derivative instruments for hedging purposes in relation to the relevant Class(es). Take for example, for Class MYR-Hedged BOS, the Fund will employ derivative instruments to hedge against the potential weakening of the USD (in respect to MYR).

Currency hedging involves additional transactional cost, which will be reflected in your investment. Besides, currency hedging may also prevent you from enjoying any up-side due to currency fluctuation.

As currency hedging will be carried out by the Manager on the best-effort basis. Thus, currency risk cannot be 100% eliminated.

It is also important to note that the Target Fund which invests globally and their assets consists of investments denominated in various currencies. As such, the Target Fund is also exposed to currency risk. You are advised to read the foreign currency risk of the Target Fund as disclosed in section 4.3 below.

Country risk

As the Fund invests in the Target Fund which is domiciled in Luxembourg, the Fund's investments in the Target Fund may be affected by risks specific to Luxembourg. Such risk includes adverse changes in Luxembourg's economic fundamentals, social and political stability, laws and regulations and foreign investments policies. These factors may pose an adverse impact on the Target Fund Investment Manager's duty to manage the Target Fund's investments, which may potentially depress the Target Fund's net asset value growth, and consequently depress the Fund's NAV growth.

Liquidity risk

As the Fund principally invests in the Target Fund (which is non-listed collective investment schemes), the Fund's ability to fulfil its obligation (e.g. redemption request by the Unitholders) may be subject to the Target Fund's ability to facilitate redemption requested by the Fund in a timely manner, especially if the Fund is short of cash to facilitate redemption and need to liquidate its holdings in the Target Fund to fulfil its obligation.

By default, to mitigate the risk, the Fund will keep up to 5% of NAV in liquid assets. With the concurrence of the Trustee, the Fund may even hold more than 5% of liquid assets to meet redemption requests, especially when high volume of redemption requests is anticipated.

Note: It is important to note that the suspension or deferment of redemption (if any) by the Target Fund may also impact the Fund's ability to meet redemption request from the Unitholder on a timely manner.

4.2 Risk Management Strategies and Techniques adopted by the Manager in relation to the Fund(s)

At the Fund level, the risk management strategies are as follows:

- Monitoring the Fund(s)' respective underlying investment (the Target Fund(s)) to continue to meet the Fund(s)' investment objective and is in line with the investment limits;
- Monitoring the performance of the Fund(s);
- Monitoring market and economic conditions, especially where the market and economic conditions relate to foreign currency exchange; and
- Operational risk arising from international settlement and custody risks are managed through the appointment of an international global custodian.

4.3 Risk Factors associated with the Target Fund(s)

Unitholders of the Fund(s) should be aware that the price of the units of the Target Fund(s) can go down as well as up and past performance of the Target Fund(s) is not necessarily a guide to the future performance of the Target Fund(s). Investments in the Target Fund are meant to produce returns over the period of the time and are not suitable for speculation in the short term.

The performance of the Target Fund may be affected by changes in the market value of the assets comprised in the portfolio which are subject to changes in interest rates, foreign exchange, economic and political conditions.

As the Fund(s) invest primarily in the Target Fund(s), the Unitholder(s) are indirectly exposed to the risks associated with the Target Fund(s). There is a possibility where Unitholder(s) may not get back their original investment.

Single country risk

Investment in securities from a single country by the Target Fund involves a risk that the financial market of that country may be exposed to special political or regulatory initiatives. Market or general economic conditions in the country, including developments in the country's currency and interest rate will also affect the value of the Target Fund's investments.

You are expected to take note that the Target Fund invests globally, which could in certain extent mitigate single country risk.

Single sector risk

Investment in securities from a single sector by the Target Fund involves a risk that the financial market of that sector may be exposed to special political or regulatory initiatives. Market or general economic conditions in the sector will also affect the exposure to more than one country.

Investment in more than one well-organized and highly developed foreign market generally involves a lower risk of the total portfolio than investment alone in single countries and single markets.

You are expected to take note that the Target Fund invests across different sectors, which could in certain extent mitigate single sector risk.

Foreign currency risk

Investment in foreign securities involves exposure to currencies which may fluctuate up or down against the currency denomination of the relevant share class(es) of the Target Fund. Accordingly, the prices of the Target Fund's share class(es) will be affected by the exchange-rate fluctuations between these currencies and the currency denomination of the share class(es) of the Target Fund. The Target Fund which invests in equities and bonds dominated in the same currency as the share class(es) of the Target Fund have no direct currency risk. Target Fund which is systematically hedged against the currency denomination of the share class(es) has a very limited currency risk. If any, hedging will appear from the description of the Target Fund's investment policy.

Issuer-specific risk

The value of an individual share or bond may show wider fluctuations than the total market and may result in a return which is highly different from the market return. Shifts in the foreign exchange market and regulatory, competitive, market and liquidity conditions may affect the issuer's earnings. Since, at the time of investment, the Target Fund may invest up to 10% in a single issuer, the value of the Target Fund may vary sharply due to fluctuations in individual shares and bonds. An issuer may go bankrupt; in which case the total amount invested will be lost.

Liquidity risk

In special cases, local or global conditions may cause securities or currencies to become non-negotiable or only to be negotiable to a limited extent. This may affect the Target Fund's opportunities of making transactions in the financial markets. The consequence may be that the Target Fund will have to suspend redemption and issue for a shorter or longer period.

Counterparty risk

If the Target Fund enters into an agreement with a counterparty where the Target Fund receives an outstanding amount, there is a counterparty risk. This means a risk that the counterparty breaches the contract and cannot meet its obligations. There is also counterparty risk by investing in depositary receipts (such as ADRs, GDRs and GDN) and in pass-through notes.

Bond market risk

The bond market may be exposed to special political or regulatory initiatives which affect the value of the Target Fund's investment. Market or general economic conditions, including the development of interest rates, will also affect the value of the investments.

Interest-rate risk

The interest rate level varies from region to region and must be seen in connection with, e.g., the inflation level. The interest-rate level plays a large role for how attractive it is to invest in, e.g., bonds. Moreover, changes in interest-rate levels may result in price declines or increases. Rising interest rates may cause falling prices. Duration expresses, among other things, the price risk on the bonds the Target Fund invests in.

Credit risk

Within different bond types - government bonds, mortgage bonds, emerging market bonds, corporate bonds, etc., there is a credit risk. The credit risk is related to the issuer's ability to redeem his debt obligations. Investment in bonds issued by corporations may involve an increased risk that the credit rating of the issuer is lowered and/or the issuer cannot meet its obligations. Credit spread/yield spread expresses the yield difference between developed-market government bonds and other types of bonds issued in the same currency and with the same maturity. The credit spread shows the premium received by the investor for accepting the credit risk.

Fluctuations in the equity market

The equity markets may fluctuate extensively and may decline considerably. Fluctuations may be a reaction to company specific, political or regulatory conditions, among other things. They may also be a consequence of sector, regional, local or general market and economic conditions.

Risk capital

The return may fluctuate extensively due to the companies' potential for obtaining risk-tolerant capital, for instance, for the development of new products. The Target Fund may invest in companies working with fully or partly new technologies whose commercial distribution and timing may be difficult to assess.

Risks associated with investments in emerging markets

The Target Fund may invest in both developed and emerging markets countries. The risks associated therewith are listed in the following. For the reasons mentioned, the Target Fund is particularly suitable for risk-conscious investors.

Emerging markets are at an early stage of development and suffer from higher risks of expropriation and nationalisation, as well as social, political and economic instability.

The following is an overview of the general risks associated with investing in the emerging markets:

- Counterfeit securities – due to inadequate supervisory structures, it is possible that securities purchased by the target fund could be counterfeit. It is therefore possible to suffer losses.
- Illiquidity – the buying and selling of securities can be costlier, more time-consuming and generally more difficult than on more developed markets. Difficulties with liquidity can also increase price volatility. Many emerging markets are small, have low trading volumes and suffer from low liquidity and high price volatility.
- Volatility – investments in emerging markets may post more volatile performances than those in developed markets.
- Currency fluctuations – compared to the Target Fund's reference currency (USD), the currencies of countries in which the Target Fund invests may be subject to substantial fluctuations after the Target Fund has invested in these currencies.
- Such fluctuations may have a significant impact on the target fund's income. It is not possible to apply currency risk hedging techniques to all currencies in emerging market countries.

- Currency export restrictions – it cannot be ruled out that emerging markets may limit or temporarily suspend the export of currencies. Consequently, it would not be possible for the target fund to draw any sales proceeds without delays. To minimise the possible impact on redemption applications, the target fund will invest in a large number of markets.
- Settlement and custody risks – the settlement and custody systems in emerging market countries are less developed than those in developed markets. Standards are not as high and the supervisory authorities not as experienced. Consequently, settlement may be delayed, thereby posing disadvantages for liquidity and securities.
- Restrictions on buying and selling – in some cases, emerging markets can place restrictions on the purchase of securities by foreign investors. Some equities are thus not available to the target fund because the maximum number allowed to be held by foreign shareholders has been exceeded. In addition, the participation of foreign investors in the net income, capital and distributions may be subject to restrictions or government approval. Emerging markets may also limit the sale of securities by foreign investors. Should the target fund be barred due to such a restriction from selling its securities in an emerging market, it will try to obtain an exceptional approval from the relevant authorities or to counter the negative impact of this restriction through its investments in other markets. The target fund will only invest in markets in which the restrictions are acceptable. However, it is not possible to prevent additional restrictions from being imposed.
- Accounting – the accounting, auditing and reporting standards, methods, practices and disclosures required of companies in emerging markets differ from those in developed markets in terms of content, quality and the deadlines for providing information to investors. It may thus be difficult to correctly evaluate investment options.

Risks associated with investments traded via Shanghai-Hong Kong Stock Connect or Shenzhen-Hong Kong Stock Connect

In addition to the aforementioned, you should read, be aware of and take into account the risks associated with the Target Fund's investments traded via Stock Connect. For the reasons mentioned, the Target Fund which is investing in assets traded via Stock Connect is particularly suitable for risk-conscious investors.

To the extent that the Target Fund's investments in China are dealt via Stock Connect, such dealing may be subject to additional risk factors. Stock Connect is a mutual market access programme through which non-PRC investors can deal in select securities listed on a PRC stock exchange, currently the SSE and the SZSE, through a platform organized by the SEHK via a broker in Hong Kong and PRC domestic investors can deal in select securities listed on the SEHK through a platform put in place by a PRC stock exchange, currently the SSE and SZSE.

The relevant regulations are subject to change. Stock Connect is subject to quota limitations which may restrict the Target Fund's ability to deal via Stock Connect on a timely basis. This may impact the Target Fund's ability to implement its investment strategy effectively. Currently, the scope of Stock Connect includes all constituent stocks of the SSE 180 Index, the SSE 380 Index, the SZSE Component Index, the SZSE Small/Mid Cap Innovation Index (with market capitalization of RMB 6 billion or above) as well as all China A Shares dual-listed on either the SSE or SZSE and the SEHK except for listed shares which are not traded in RMB and/or which are under 'risk alert' or under delisting arrangements. You should note further that under the relevant regulations a security may be recalled from the scope of Stock Connect. This may adversely affect the Target Fund's ability to meet its investment objective, e.g. when the Target Fund Investment Manager wishes to purchase a security which is recalled from the scope of Stock Connect.

- Beneficial owner of the SSE/SZSE Shares – Stock Connect currently comprises the Northbound link, through which Hong Kong and overseas investors like the Target Fund may purchase and hold China A Shares listed on the Shanghai Stock Exchange or the Shenzhen Stock Exchange ("**SSE/SZSE Shares**"), and the Southbound link, through which investors in Mainland China may purchase and hold shares listed on the Stock Exchange of Hong Kong. The Target Fund trades SSE/SZSE Shares through its broker affiliated to the Fund sub-custodian who is SEHK exchange participants. These SSE/SZSE Shares will be held following settlement by brokers or custodians as clearing participants in accounts in the CCASS maintained by the HKSCC as central securities depositary in Hong Kong and nominee holder. HKSCC in turn holds SSE/SZSE Shares of all its participants through a "single nominee omnibus securities account" in its name registered with ChinaClear, the central securities depositary in Mainland China. Because HKSCC is only a nominee holder and not the beneficial owner of SSE/SZSE Shares, in the unlikely event that HKSCC becomes subject to winding up proceedings in Hong Kong, investors should note that SSE/SZSE Shares will not be regarded as part of the general assets of HKSCC available for distribution to creditors even under Mainland China law. However, HKSCC will not be obliged to take any legal action or enter into court proceedings to enforce any rights on behalf of investors in SSE/SZSE Shares in Mainland China.

Foreign Investors like the Target Fund investing through the Stock Connect holding the SSE/SZSE Shares via HKSCC is the beneficial owner of the assets and is therefore eligible to exercise its rights through the nominee only.

- Not protected by Hong Kong's Investor Compensation Fund – Investors should note that any Northbound or Southbound trading under Stock Connect will not be covered by Hong Kong's Investor Compensation Fund nor the China Securities Investor Protection Fund and thus investors will not benefit from compensation under such schemes.

Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong. Examples of default are insolvency, in bankruptcy or winding up, breach of trust, defalcation, fraud, or misfeasance.

- Difference in trading day and trading hours – Due to differences in public holiday between Hong Kong and Mainland China or other reasons such as bad weather conditions, there may be a difference in trading days and trading hours in the two Mainland China markets - SSE and SZSE, and HKSE. Stock Connect will thus only operate on days when both markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but it is not possible to carry out any China A Shares trading in Hong Kong.
- The recalling of eligible stocks and trading restrictions – A stock may be recalled from the scope of eligible stocks for trading via Stock Connect for various reasons, and in such event the stock can only be sold but is restricted from being bought. This may affect the investment portfolio or strategies of the Investment Manager.

Under Stock Connect, the Target Fund Investment Manager will only be allowed to sell China A Shares but restricted from further buying if: (i) the China A Share subsequently ceases to be a constituent stock of the relevant indices; (ii) the China A Share is subsequently under "risk alert"; (iii) the corresponding H share of the China A Share subsequently ceases to be traded on SEHK and/or (iv) in respect of SZSE Shares only, such Shares, based on any subsequent periodic review, that are determined to have a market capitalisation of less than RMB 6 billion. Investors should also note that price fluctuation limits would be applicable to China A Shares.

- Trading costs – In addition to paying trading fees and stamp duties in connection with China A Shares trading, the Target Fund carrying out Northbound trading via Stock Connect should also take note of any new portfolio fees, dividend tax and tax concerned with income arising from stock transfers which would be determined by the relevant authorities.
- Local market rules, foreign shareholding restrictions and disclosure obligations – Under Stock Connect, China A Shares listed companies and trading of China A Shares are subject to market rules and disclosure requirements of the China A Shares market. Any changes in laws, regulations and policies of the China A Shares market or rules in relation to Stock Connect may affect share prices. The Target Fund Investment Manager will also take note of the foreign shareholding restrictions and disclosure obligations applicable to China A Shares.

Under the current Mainland China rules, once an investor holds or controls up to 5% of the shares of a company listed on either the SSE or the SZSE, the investor is required to disclose his interest within three working days and during which he cannot trade the shares of that company.

After that, the investor is also required to make disclosure within three working days every time a change in his shareholding reaches 5%. From the day the disclosure obligation arises to two working days after the disclosure is made, the investor may not trade the shares of that company. Overseas investors holding China A Shares via Stock Connect are subject to the following restrictions (i) shares held by a single foreign investor (such as the Target Fund) investing in a listed company must not exceed 10% of the total issued shares of such listed company; and (ii) total A Shares held by all foreign investors (i.e. Hong Kong and overseas investors) who make investments in a listed company must not exceed 30% of the total issued A shares of such listed company. If the aggregate foreign shareholding exceeds the 30% restriction, the foreign investors would be required to unwind their positions on the excessive shareholding according to a last-in-first-out basis within five trading days.

Trading in securities through the Stock Connect may be subject to clearing and settlement risk. If the PRC clearing house defaults on its obligation to deliver securities / make payment, the Target Fund may suffer delays in recovering its losses or may not be able to fully recover its losses.

According to existing Mainland China practices, the Target Fund being the beneficial owner of China A Shares traded via Stock Connect cannot appoint proxies to attend shareholders' meetings on its behalf.

- Currency risks – Investments via Northbound trading by the Target Fund in the SSE/SZSE securities will be traded and settled in RMB. If the Target Fund holds a class of shares denominated in a currency other than RMB, the Target Fund will be exposed to currency risk if the Target Fund invests in a RMB denominated investment due to the need for the conversion of the currency into RMB denominated conversion costs. During the conversion, the Target Fund will also incur currency conversion costs.

Even if the price of the RMB asset remains the same when the Target Fund purchases it and when the Target Fund redeems / sells it, the Target Fund will still incur a loss when it converts the redemption / sale proceeds into the currency if RMB has depreciated.

The above may not cover all risks related to Stock Connect and any above mentioned laws, rules and regulations are subject to change.

- Risk of ChinaClear default – ChinaClear has established a risk management framework and measures that are approved and supervised by the CSRC. Pursuant to the general rules of CCASS, if China Clear (as the host central counterparty) defaults, HKSCC will, in good faith, seek recovery of the outstanding Stock Connect securities and monies from ChinaClear through available legal channels and through ChinaClear's liquidation process, if applicable.
HKSCC will in turn distribute the Stock Connect securities and/or monies recovered to clearing participants on a pro-rata basis as prescribed by the relevant Stock Connect authorities. Although the likelihood of a default by ChinaClear is considered to be remote, the prospective investors (including the Target Fund) should be aware of this arrangement and of this potential exposure before engaging in trading SSE/SZSE Shares.
- Risk of HKSCC default – A failure or delay by the HKSCC in the performance of its obligations may result in a failure of settlement, or the loss, of Stock Connect securities and/or monies in connection with them and the Target Fund and its investors may suffer losses as a result. Neither the Target Fund nor the Target Fund Investment Manager shall be responsible or liable for any such losses.
- Ownership of Stock Connect securities – Stock Connect securities are uncertificated and are held by HKSCC for its account holders. Physical deposit and withdrawal of Stock Connect securities are not available under the Northbound trading for the Target Fund's investing into such securities.
The Target Fund's title or interests in, and entitlements to Stock Connect securities (whether legal, equitable or otherwise) will be subject to applicable requirements, including laws relating to any disclosure of interest requirement or foreign shareholding restriction. It is uncertain whether the Chinese courts would recognise the ownership interest of the investors to allow them standing to take legal action against the Chinese entities in case disputes arise. This is a complex area of law and the investor should seek independent professional advice.

You are advised to consult us should you require more information about the Target Fund(s)' authorized investment and restrictions before investing in the Fund(s).

6. FEES, CHARGES AND EXPENSES

6.1 Sales Charge

The sales charge is a charge levied on the purchase of units of the respective Funds' Class(es) of Unit, and is used to pay for marketing, advertising and distribution expenses of the Fund(s). The sales charge is deducted upfront from the purchase amount, leaving only the net amount invested in the Fund(s). The sales charge is calculated based on the respective Fund(s)' NAV per unit of the respective Class(es) as at the next valuation point after the original application is received and accepted by the cut-off time of 4.00 p.m. on any Business Day. The rate of sales charge to be imposed by BOSWM MY and its authorised distributor(s) is as below:

For illustration on the calculation of sales charges, please refer to section 7.4 below.

Fund	Class of Units	Sales Charge (NAV per unit of the relevant Class of Units)
BOSWM Core Growth Fund	Class MYR-Hedged BOS	Up to 2.00%
	Class USD BOS	
	Class PP USD	
	Class PP MYR Non-hedged	
BOSWM Core Balanced Fund	Class MYR-Hedged BOS	Up to 2.00%
	Class USD BOS	
	Class PP USD	
BOSWM Core Defensive Fund	Class MYR-Hedged BOS	Up to 2.00%
	Class USD BOS	
	Class PP USD	

The sales charge quoted is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

Note: Notwithstanding the sales charge disclosed above, investors may negotiate for a lower sales charge.

6.2 Redemption Charge

There is no redemption charge imposed on Unitholders of the Fund.

Note: By default, redemption proceeds will be paid out via bank transfer. Thus, it is important for you to furnish us your bank account details upon your subscription.

6.3 Annual Management Fee

Fund	Class of Units	Annual management fee
BOSWM Core Growth Fund	Class MYR-Hedged BOS	Up to 1.40% of the NAV of the Class of Units
	Class USD BOS	
	Class PP USD	
	Class PP MYR Non-hedged	
BOSWM Core Balanced Fund	Class MYR-Hedged BOS	Up to 1.40% of the NAV of the Class of Units
	Class USD BOS	
	Class PP USD	
BOSWM Core Defensive Fund	Class MYR-Hedged BOS	Up to 1.20% of the NAV of the Class of Units
	Class USD BOS	
	Class PP USD	

The annual management fee is a fee charged for the ongoing portfolio management and administration of the Fund (e.g. to maintain Unitholders' register, proper records of the Fund and to administer the investments). The annual management fee for the respective Class(es) of Unit are shown in the table below. The annual management fee is calculated based on the NAV of the relevant Class(es), accrued on a daily basis and is paid out of the Fund. The respective annual management fee(s) is payable on a monthly basis.

The annual management fee quoted is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

6.4 Annual Trustee Fee

The annual trustee fee is a fee paid to the Trustee for the custodial management and administration of the Fund's assets (e.g. transaction settlement, custody and administration costs). The respective annual trustee fee for the Fund(s) are shown below:

Fund	Annual trustee fee
BOSWM Core Growth Fund	Up to 0.04% per annum of the NAV of the Fund, subject to a minimum of RM12,000 per annum (excluding foreign custodian fee and charges).
BOSWM Core Balanced Fund	
BOSWM Core Defensive Fund	

The annual trustee fee is calculated based on the NAV of the Fund(s) (not based on NAV of the relevant Class(es)), calculated and accrued on a daily basis and is paid out of the Fund(s). The annual trustee fee is payable on a monthly basis.

The annual trustee fee quoted is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

6.5 Switching Fee

The Manager does not intend to charge any switching fee; however, investors (including the Unitholders' of the Fund(s)) performing a switching transaction will have to pay the applicable difference in sales charge between the fund to be switched from and the fund to be switched into, which could be up to 5.50% of NAV per unit depending on the fund(s) involved in a switching transaction. Switching Fee will not be charged if the class or fund to be switched into has a lower sales charge.

The differential in sales charge resulted from switching transaction is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

Kindly refer to section 7.7 below for more information about the switching facility of the Fund(s), including the relevant terms and conditions.

6.6 Transfer Fee

There is no transfer fee imposed on Unitholders.

6.7 Other Expenses of the Fund(s)

Expenses directly related to the Fund(s) are management fee, trustee fee and other administrative expenses (e.g. auditor's fee, courier and handling charges, etc).

The respective total annual expenses of the Fund(s) are expressed as a percentage of the average net asset value of the Fund(s) for a financial year or period calculated on a daily basis.

Other expenses, which are directly related and necessary to the business of the Fund(s), may be charged to the Fund(s). These will include (but are not limited to) the following:

- fees and other expenses properly incurred by the auditor and tax agent;
- taxes and other duties charged on the Fund(s) by the government and other authorities;
- printing and postage expenses; and
- any other legitimate administration expenses or relevant professional fees approved by the Trustee.

6.8 Costs for Investing in the Target Fund(s) by the Fund(s)

The Fund(s) will be investing into the following Target Fund(s). The Following table shows the costs involved:

	BOSWM Core Growth Fund	BOSWM Core Balanced Fund	BOSWM Core Defensive Fund
Target Fund	BOS International – Growth	BOS International – Balanced	BOS International – Defensive
Share class (currency denomination)	B (USD)		
Management fee	B (USD) 0.1%		
Other expenses, where relevant	<ul style="list-style-type: none"> • BIF's Board of Director's fee and expenses; and • Operating costs and expenses, including: <ol style="list-style-type: none"> 1) preparing, producing, printing, depositing, publishing and/or distributing any documents relating to the Target Fund; 2) other fees in relation to the establishment and launch of the BIS and the Target Fund; 3) organising and holding general meetings of shareholders and preparing, printing, publishing and/or distributing notices and other communications to shareholders as well as other corporate secretarial services; 4) professional advisory services taken by BIF or the Target Fund Manager on behalf of BIF; 5) the authorisation of BIF, the Target Fund and its relevant share class(es), regulatory compliance obligations and reporting requirements of BIF, and all types of insurance obtained on behalf of BIF and/or the BIF's Board of Directors; 6) initial and ongoing obligations relating to the registration and/or listing of BIF, the Target Fund or its relevant share class(es) and the distribution of its relevant share class(es) in Luxembourg and abroad; 7) due diligence fees and fees for the update of procedures charged by the Target Fund Manager; 8) fees for domiciliation and corporate secretary services; 9) fees for transfer agency services; 10) the determination and publication of tax factors for the EU/EEA Member States and/or any other countries where distribution licences and/or private placements exist, according to the actual expenditure incurred at market rates; 11) memberships or services provided by international organisations or industry bodies such as the Association of the Luxembourg Fund Industry (ALFI); 12) taxes, charges and duties payable to governments and local authorities (including the Luxembourg annual subscription tax (<i>taxe d'abonnement</i>) of 0.01% per annum and any other taxes payable on assets, income or expenses) and any value added tax (VAT) or similar tax associated with any fees and expenses paid by BIF; 13) the reorganisation or liquidation of BIF, the Target Fund or its relevant share class(es); 14) The Target Fund Manager will be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties; and 15) Fees of the depositary and the paying agent of up to 0.07% p.a. 		

Warning: It is important for you to note that given the Fund(s) are feeder funds (i.e. primarily investing in the Target Fund(s)), you will be subjected to higher cost of investment and fees arising from the layered investment structure.

There are fees and charges involved and investors are advised to consider them before investing in the Fund(s). All fees and charges payable to the Manager and/or the Trustee are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

7. TRANSACTION INFORMATION

7.1 Valuation Bases of the Fund's Assets

All assets of the Fund should be valued in a fair and accurate manner at all times. The Fund's assets will be valued based on the following principle:

Investment instruments	Valuation basis
Investment instruments that are listed and quoted on an exchange	The official closing price or last known transacted price on the eligible market on which the investment is quoted. However, if the price is not representative or not available to the market, the investments should be valued at fair value.
Investment instruments not listed or quoted on an exchange	a. Fair value*; or b. For money market instruments, amortised cost accounting may be used provided the instruments' remaining term to maturity is not more than 90 calendar days at the time of acquisition. <i>*means the price that the Fund would reasonably expect to receive upon the current sale of the investment instruments. The Manager must ensure that fair value be determined with due care and in good faith, and the basis for determining the fair value is approved by the Trustee (after appropriate technical consultation).</i>

7.2 Pricing Policy

- The buying and selling price of a given Class of the Fund(s) is quoted based on a single price i.e. the NAV per unit of a given Class of the Fund(s).
- Unquoted collective investment scheme will be valued based on the last published repurchase price;
- Other unlisted securities (if any) will be valued based on fair value as determined in good faith by the Manager, on methods which are verified by the auditors of the Fund(s) and approved by the Trustee and adequately disclosed in the Information Memorandum; and
- Cash or fixed deposits placed with financial institutions and bank bills are valued on a daily basis by reference to their nominal values and the accrued interest thereon.

7.3 Valuation Point and Pricing Policy of the Fund(s)

Pricing Policy

The buying and selling price of a given Class of Units is quoted based on a single price i.e. the NAV per unit of the Class. All other transactions charges, if any, will be expressed separately from the price of the Class of Units.

Valuation of NAV of the Fund(s)

As the Target Funds are foreign-domiciled funds, the valuation of the Funds' investment(s) in the Target Fund(s) is only available on the next Business Day (T+1). As such, the valuation of the Fund(s) will be conducted before 5.00 p.m. on the following business day based on the last available net asset value per unit of the Target Fund(s). Daily prices of the Fund(s) will be published on the next business day after the valuation (T+2).

Valuation of the Relevant Class(es) of Unit

The Fund(s)' base currency is USD. As such, all the assets and liabilities of each Class will be translated into USD for valuation purposes. Valuation of a given Class of Units is derived from the NAV of the Class of Units, and is **calculated at the end of every business day**.

The NAV per unit of a Class of Units is determined based on the formula as illustrated below:

$$\text{NAV per unit of a given Class of Units} = \frac{\text{NAV of the Class of Units}}{\text{Number of units in circulation of the Class of Units}}$$

The NAV per unit of a given Class of Units (which is also the unit price, except during Initial Offer Period) is calculated based on formula illustrated above and at the next valuation point after we receive the original application ("forward pricing").

The NAV per unit of a given Class of Units may be rounded up to four decimal places. An incorrect valuation and pricing of a given Class of Units shall be considered of minimal significance if the error involves a discrepancy of less than 0.5% of the NAV per unit of the Class of Units. Any pricing discrepancy of 0.5% or

more of the NAV per unit of a given Class of Units will be rectified as stated in the Fund's deed unless the total impact of the discrepancy on an individual account is less than RM10.00 as the transaction cost may be more than the amount adjusted.

If we receive your duly completed and accepted original application form to purchase or redeem the Fund **by the cut-off time of 4.00 p.m. on any business day**, the NAV per unit will be calculated based on the NAV per unit at the end of that business day. Any application form (original copy) received after this cut-off time will be considered as being transacted on the next business day and will be subjected to the NAV per unit of the Fund on the next business day.

Notwithstanding the above, if a given Class of units does not receive any subscription during the Initial Offer Period, the Offer Price of that Class of units will be used for the first subscription for that Class of units after the IOP.

7.4 Multi-class Structure

As mentioned, the Funds are established as a fund with multi-class, we may launch more Class(es) only on later dates, it is important for you to understand how a fund with more than one (1) class of unit is valued. You should note that the Fund is allowed to establish new Class(es) from time to time without your prior consent. The following illustrates how the valuation is carried out for a given day for a multi-class fund :

Note	Fund (USD) #	Class ABC Denominated In USD (USD)	Class XYZ Denominated In MYR (USD)
Net Asset Value of the fund before income and expenses	200,000,000	180,000,000	20,000,000
% of the total net asset value of the fund	100%	90.00%	10.00%
Add: Income	10,000	9,000	1,000
Less: Expenses	-1,000	-900	-100
a Benefits or costs of hedging (if any)	400	-	400
Net asset value of the fund before management fee and trustee fee	200,009,400	180,008,100	20,001,300
b Less: management fee (1.4% p.a)	-7,672	-6,905	-767
c Less: trustee fee (0.04% p.a)	-219	-197	-22

d Net asset value per unit (in USD)		1.0589	0.2532
e Currency exchange rate (USD to MYR)		N/A	4.0000
f Net asset value per unit (in respective class(es))		\$1.0589	RM1.0128
Notes: <ul style="list-style-type: none"> a - this assumes that Class XYZ is a class with currency hedging feature. The USD400 is the benefit (receivable for hedging). b & c - Management fee and trustee fee are proportionately shared (by the respective class(es) of the fund based on the respective class(es)' net asset value size. As both management fee and trustee fee are quoted in per annum basis, the fees will be converted into daily* basis first before the payable fees are derived. d - refers to net asset value per unit denominated in the fund's base currency (USD). It is derived by dividing the net asset value of the fund with units in circulation. e - the prevailing exchange rate is assumed to be RM4.00 to USD1.00. f - refers to net asset value per unit of the respective class of the fund in the currencies of which each class(es) are denominated. As Class ABC's currency is the same as the fund's base currency, no conversion of currency is required. Class XYZ's net asset value per unit (in MYR) is calculated by multiplying its net asset value per unit (in base currency) with the currency exchange rate, which is 4.0000 as shown above. <p>#base currency of the fund.</p> <p>*[fee in p.a ÷ (365 or 366)] × net asset value before management fee and trustee fee.</p>			

7.5 Subscription for the Class(es) of Units of the Fund(s)

If you wish to invest in a Class which is denominated in a currency other than MYR, you are required to have a foreign currency account in the currency of the Class applied for with any financial institutions.

Your subscription application for a given Class of Units and payment must reach our head office **by 4.00 p.m.** on any Business Day. Any duly completed and original forms and payment received after this cut-off time is considered as being transacted on the next Business Day.

You may transfer the subscription payment into our bank account via telegraphic transfer or online transfer by including your name and payment details. Payment must be made in the currency of the Class which you want to invest into. Any bank charges or remittance fees in relation to subscription payment will be borne by you.

In addition to the submission of the relevant forms, you may be required to forward to us additional documents to authenticate your identification. We may for any reason at any time, waive existing procedures, and/or prescribe applications for subscription in any other form or manner whether for all/any particular investor, at our discretion.

As part of our value-added service, you may also submit your subscription via email with terms and conditions apply. Kindly contact us at 03-7712 3000 for details (e.g. documents required).

Notes:

- The Fund(s) are only open for Sophisticated Investor(s).
- If you are a US Person, you are not eligible to subscribe to the Fund. We reserve the right to return your investment without advance notice if we become aware that you are a US Person who holds any Class(es) of the Fund.
- If you wish to invest in a Class which is denominated in currency other than MYR, you are required to have a foreign currency account with any Financial Institutions as all transactions will ONLY be carried out via telegraphic transfers.

Minimum Initial Investment

	Class MYR - Hedged BOS	Class USD BOS	Class PP USD	Class PP MYR Non-hedged
BOSWM Core Balanced Fund	RM500,000	USD100,000	USD500,000	Class(es) not available.
BOSWM Core Defensive Fund	RM500,000	USD100,000	USD500,000	
BOSWM Core Growth Fund	RM500,000	USD100,000	USD500,000	RM 500,000

Note: notwithstanding the minimum initial investment amount(s) indicated above, The Manager has the discretion to accept a lower amount than that disclosed in the information memorandum as the Manager deems fit.

All amounts referred to herein include the sales charge and will be subject to any applicable taxes and/or duties as maybe imposed by the government or other authorities from time to time.

Minimum Additional Investment

	Class MYR - Hedged BOS	Class USD BOS	Class PP USD	Class PP MYR Non-hedged
BOSWM Core Balanced Fund	RM250,000	USD100,000	USD200,000	Class(es) not available.
BOSWM Core Defensive Fund	RM250,000	USD100,000	USD200,000	
BOSWM Core Growth Fund	RM250,000	USD100,000	USD200,000	RM250,000

Note: notwithstanding the minimum additional investment amount(s) indicated above, The Manager has the discretion to accept a lower amount than that disclosed in the information memorandum as the Manager deems fit. Investments made via our IUTA may be subject to their terms and conditions.

Warning: Investors must not make payment in cash to any individual agent when subscribing to the Class(es) of Unit of the Fund(s).

7.6 Redemption for the Class(es) of Unit of the Fund(s)

Upon receipt of the duly completed and accepted original transaction form, which must reach our head office by 4.00 p.m. on any Business Day, we will repurchase the Class of Units at the respective NAV per unit calculated at the end of that Business Day. By default, payment will be made to you within 10 Business Days.

Investors should note that the time taken to pay redemption proceeds to investors (i.e. 10 Business Days) may be extended/delayed, if the total redemption for that day exceeds 10% of the Fund's NAV or if it is a non-Business Day at the Target Fund level. Unitholders should be aware that redemption proceeds to Unitholders are usually paid from the liquid assets held by the Fund and when these liquid assets are insufficient, the Manager will have to redeem units of the Target Fund. Unitholders should also take note of the Target Fund's provision on suspension of redemption and delay of redemption. In the event of exceptional circumstances as disclosed in the Target Fund's offering document which board of directors of BIF decides it should adversely affect the Target Fund, the provision of temporary suspension of the Target Fund's net asset value calculation may delay or suspend the redemption request of the unit of the Target Fund. In circumstances when Target Fund's redemption is suspended or delayed, BOSWM MY has the right to suspend the request of redemption of the Funds and delayed the redemption request. The redemption period in such circumstances may exceed the default redemption payment period from the day the redemption request is received by BOSWM MY. Payment will be made in the currency of the Class you redeem from. Any bank charges or remittance fees incurred due to redemption will be borne solely by you.

As part of our value-added service, you may also submit your redemption instruction via email with terms and conditions apply. You are advised to contact your Relationship Manager to understand the details (e.g. documents required).

There is no minimum redemption amount for the Fund and / or Class. For partial redemption, the minimum balance to be maintained in your unit trust account must be 100,000 units or such sum as may be decided by the Trustee and the Manager from time to time. Should the units in your account are less than the minimum holding after the redemption application is made, all units in your account will be redeemed automatically.

7.7 Switching Facility for the Class(es) of Unit of the Fund(s)

Switching refers to a transaction where an investor switches his investment in one fund to another fund.

To carry out a switching application, all you need to do is to complete the documentation (in relation to switching application) and forward the documentation to our head office by 4.00 p.m. on any Business Day.

There are no restrictions on the number of switching transactions that you may carry out; however, switching application for the relevant Class(es) of Unit are subject to the following conditions:

Switch out to other funds / Class(es)	<ul style="list-style-type: none"> You may switch your investments in the Fund into all other funds managed by the Manager subject to the availability of switching facility of the fund you wish to switch into. The fund that you intend to switch into must be denominated in the same currency. Switching between units with different currency denomination is unavailable. By default, switching between Class(es) of the Fund is not available. However, the request for switching from Class PP MYR Non-hedged to Class MYR-Hedged BOS and Class PP USD to Class USD BOS or vice versa may be made available subject to the Manager's approval. The minimum number of units to be switched is 1,000 units and the value of units switched must meet the minimum investment amount of the fund you wish to switch into, whichever is higher. You are required to satisfy the minimum holding applicable to the particular Class if you would like to perform a partial switch out from the Class. For the avoidance of doubt, switching application is subject to the terms and conditions of the IUTA should your subscription of a given Class of Units is made via IUTA.
Switch in from other funds / Class(es)	<ul style="list-style-type: none"> Subject to the terms and conditions of the fund you wish to switch from to the Fund's Class(es) of Unit. Kindly refer to the relevant offering documents of the funds. By default, switching between Class(es) of the Fund is not available. However, the request for switching Class PP MYR Non-hedged to Class MYR-Hedged BOS and

	<p>Class PP USD to Class USD BOS or vice versa may be made available subject to the Manager's approval.</p> <ul style="list-style-type: none"> • The relevant minimum investment amount of the relevant Class of Units applies, where the amount switch from another fund to the Fund must meet the relevant minimum investment amount. • For the avoidance of doubt, switching application is subject to the terms and conditions of the IUTA should your subscription is made via IUTA. • Only Sophisticated Investors are allowed to switch into the Fund(s).
--	---

Switching will be carried out accordingly based on net asset value per unit of the funds you wish to switch from and switch into. The switching process will be carried out in accordance to the funds' respective next valuation points upon receiving your switching application by 4.00 p.m. on any Business Day.

Kindly refer to section 22 above for the details pertaining to switching fee applicable to the Fund.

As part of our value-added service, you may also submit your switching instruction via email with terms and conditions apply. You are advised to contact your Relationship Manager to understand the details (e.g. documents required).

7.8 Transfer Facility for the Funds

Transfer refers to a transaction where a Unitholder transfers his ownership of units in the Fund to another person(s).

The transferee must be a Sophisticated Investor and provides the necessary declaration.

For the Funds, the transfer form must be completed in the presence of a witness. For partial transfer, the minimum balance to be maintained in your unit trust account must be 100,000 units or such sum as decided by the Trustee and the Manager from time to time.

7.9 Mode of Distribution

Distribution Policy*
Incidental, subject to the Manager's discretion

**Applicable for Class MYR-Hedged BOS & Class USD BOS.*

Distribution of income is in the form of cash or reinvest for more units.

When there are stock market corrections, bear markets or economic downturns, realised capital losses may outweigh realised gains, dividends and interest/profit sharing income received and thus result in no income distributions being possible.

You may opt for income distributions to be paid out to you directly in cash by way of relevant mode of payments as determined by the Manager. All income distribution proceeds will be paid out via bank transfer. Thus, it is important for you to furnish us your bank account details upon your subscription. We will reinvest your income distribution proceeds if there are no bank account details provided to BOSWM MY or the bank account details you provided is inaccurate resulting failed bank transfer.

In the absence of written instructions to the contrary, income distribution declared for the relevant Class(es) of Unit will be automatically reinvested into additional units based on the NAV per unit of the relevant Class(es) of Unit by the fourth Business Day (T+4) after the declaration of distributions at no cost.

Income distribution amounting to less than or equal to the amount of RM200 (or USD200 for any Class(es) denominated in USD) will be automatically reinvested into additional units based on the NAV per unit of the relevant Class(es) of Unit by the fourth Business Day after the declaration of income distribution.

7.10 Periodic Reporting to Investors

Unitholders of the Fund will receive monthly statement of account, which will provide the Unitholders with the latest update of their investment account.

Unitholders will also receive quarterly and annual reports, containing information in relation to the Fund's investment strategies, outlook, performance portfolio holdings, key risk factors and accounts. These reports will be sent to the Unitholders within two months from the close of the quarter period and from the financial year end of the Fund respectively. You are advised to keep abreast of the developments of the Fund.

7.11 Policies and Procedures to Prevent Money Laundering Activities

We have policies and procedures in place to comply with the legislation in force in Malaysia to prevent money laundering activities. In order to implement these procedures, investors will be required to provide detailed verification of identity including but not limited to proof of identity, residential or registered address, occupation or business, funds or source of income when buying or redeeming units and to periodically update their records. Until satisfactory evidence has been received, we reserve the right to refuse or accept the application form from investors to buy or redeem units or to pay the proceeds of the redemption of units. We may delay or refuse any application without giving any reason for doing so where this is in accordance with our anti-money laundering obligations. We also reserve the right to request additional information including the identity of any beneficial owners as may be required to support the verification of information and to allow us to carry out due diligence exercise on the investors in compliance with the relevant legislation.

Any suspicious transaction will be reported to the relevant authority.

7.12 Prudent Control

The Compliance department is responsible for compliance matters and liaises with the SC to ensure that all laws, regulations, code of conduct and prudential limits are followed.

The Head of Compliance is the designated person responsible for compliance and reports to the Board of Directors of the Manager ("Board") on compliance matters. In the event that the Head of Compliance is absent, or has resigned, the next-person-in-line will be the designated person responsible for compliance matters until such position is filled.

Warning: Unit prices and distributions payable, if any, may go down as well as up.

CIMB Bank provides full-fledged custodial services, typically clearing, settlement and safekeeping of all types of investment assets and classes, to a cross section of investors and intermediaries client base, both locally and overseas.

For the local Ringgit Malaysia assets, they are held through its wholly owned nominee subsidiary "CIMB Group Nominees (Tempatan) Sdn Bhd". For foreign non-Ringgit Malaysia Assets, CIMB Bank appoints global custodian as its agent bank to clear, settle and safekeep on its behalf and to its orders.

All investments are automatically registered in the name of the custodian to the order of the Trustee. CIMB Bank acts only in accordance with instructions from the Trustee.

9.4 The Trustee's Responsibilities

The Trustee's functions, duties and responsibilities are set out in the Deed. The general functions, duties and responsibilities of the Trustee include, but are not limited to, the following:

- Take into custody the investments of the Fund(s) and hold the investments in trust for the Unitholders.
- Ensure that the Manager operates and administers the Fund(s) in accordance with the provisions of the Deed, Guidelines and acceptable business practice within the unit trust industry.
- As soon as practicable notify SC of any irregularity or breach of the provisions of the Deed, Guidelines and any other matters which in the Trustee's opinions may indicate that the interests of the Unitholders are not served.
- Exercise reasonable diligence in carrying out their functions and duties, in actively monitoring the operation and management of the Fund(s) by the Manager to safeguard the interests of the Unitholders.
- Maintain, or cause the Manager to maintain, proper accounting records and other records as are necessary to enable a complete and accurate view of the Fund(s) to be formed and to ensure that the Fund(s) is operated and managed in accordance with the Deed & information memorandum pertaining to the Fund(s), the Guidelines and securities law.
- Require that the accounts of the Fund(s) be audited at least annually.

10. SALIENT TERMS OF THE DEED

10.1 Your Rights as a Unitholder

Each unit in the Class gives you an equal undivided interest in that Class. Under the Deed, each unitholder will receive a sum proportionate to his or her unitholdings upon termination of the Fund. In a distribution of income, if any, we will recognise unitholders who are registered as at the date a distribution of income is declared.

You have the right, amongst others, to the following:

- To receive any distribution of income of the Fund, to participate in any increase in capital value of the units and to all rights and privileges under the Fund's deed;
- To call for a meeting of unitholders and to vote for the removal of the Trustee or the Manager by way of a special resolution; and
- To receive annual and quarterly report.

10.2 Your Liabilities as a Unitholder

The liability of a unitholder is limited to the purchase price paid or agreed to be paid for a Unit. A unitholder need not indemnify the Trustee or the Manager if the liabilities incurred by the Trustee and/or Manager on behalf of the Fund exceed the value of the assets of the Fund. The recourse of the Trustee and the Manager is limited to the assets of the Fund.

10.3 Your Limitations and Restrictions as a Unitholder

No unitholder shall be entitled to require the transfer to him or her of any of the investments or assets of the Fund or be entitled to interfere with or question the exercise by the Trustee, or the Manager on its behalf, of the rights of the Trustee as the registered owner of such investment and assets.

10.4 Meetings convened by the Unitholders

Unitholders may apply to the Manager to summon a meeting of unitholders for purposes of:

- considering the most recent financial statements of a Fund
- requiring the retirement or removal of the Manager or the Trustee;
- giving to the Trustee such directions as the meeting thinks proper; or
- considering any matter in relation to the deed.

However, the Manager shall not be obliged to summon such a meeting unless the Manager received an application from not less than fifty (50), or one-tenth (1/10), whichever is lesser, of all the unitholders of a Fund or a particular Class, as the case may be, to summon a meeting of the unitholders of a Fund or a particular Class and the application has been made in accordance with the provisions of the deed.

Remote Meeting

Nothing shall preclude the Manager from convening any unitholders' meeting at more than one venue using any communication facility or technology or method available as the Manager shall determine to enable the unitholders to participate and to exercise their right to speak and vote at that meeting. Where such meeting is convened, any reference to a unitholder being "present in person" in the Deed, meetings or resolutions shall include, where permitted by the Manager, to that unitholder being present either remotely or virtually and for the avoidance of doubt it is hereby agreed that the participation by a unitholder in such meeting using the prescribed communication facility or technology or method shall be deemed as being present at that meeting notwithstanding that the unitholder is not physically present at the main venue of that meeting.
