Amendment

Under the section "4. Risk Factors", the subsection entitled "4.2 Specific Risk" has been amended as follows:

4.2 SPECIFIC RISK

The following are the specific risks for the Fund:

- **Early termination of Islamic cash deposits risk** – This is the risk of the Fund having to terminate/withdraw from placements in Islamic cash deposits before the maturity date of the respective placements – due to redemptions from the Fund. As a result of the premature termination of placements, there will be a loss of a percentage or even all of the profits accumulated during the period of holding of the Islamic cash deposits, resulting in loss of income to the Fund. To mitigate this risk, the Manager anticipates the potential percentage of the Fund that may experience redemptions and allocates maturities accordingly. For example, the Manager may ensure that there are sufficient tranches of Islamic cash deposits maturing weekly to meet any potential redemptions from the Fund.
- **Interest rate risk** – This risk refers to the effect of the changes in the interest rate environment which may negatively impact the performance (e.g., profit rate) of the Fund. In the rising interest rate environment, prices of Islamic money market instruments will generally decrease and vice versa. The interest rate is a general indicator that will have an impact on the management of Fund regardless of whether it is an Islamic fund or otherwise. It does not in any way suggest that the Fund will invest in conventional financial instruments. All the investments carried out for the Fund are in accordance with Shariah requirements.
- **Shariah non-compliance risk** – This risk refers to the possibility that the Fund not conforming to Shariah requirements. The Manager (as advised by the Shariah Adviser) would be responsible for ensuring that the Fund is managed and operated in accordance with Shariah requirements. Any Shariah non-compliant investment made by the Fund due to error of the administration shall be withdrawn or disposed of with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. Any gain resulting from the said withdrawal or disposal shall be channeled to *baikulmal* and/or charitable bodies as advised by the Shariah Adviser whilst any loss is to be borne by the Manager.
- **Shariah status reclassification risk** – This risk refers to the risk of a possibility that the currently held Islamic deposits or Islamic money market instruments invested by the Fund may be declared as Shariah non-compliant by the relevant authority or the Shariah Adviser. If this occurs, the Manager will take the necessary steps to withdraw or dispose of such Shariah non-compliant instruments.

Note: Please refer to the Cleansing Process for the Fund in section 10.5 below for details.

THIS SECOND SUPPLEMENTARY PROSPECTUS DATED 21 AUGUST 2026 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 16 DECEMBER 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS DATED 17 APRIL 2023.

Investment in this Fund is not the same as placement in a deposit with a financial institution. There are risks involved and investors should rely on their own evaluation to assess the merits and risks when investing in this Fund. The Manager exercises diligence in minimising the above risks to the Fund. However, it is not always possible to cover all investment risks in spite of best efforts as financial markets can be highly unpredictable. Investors are encouraged to consult their advisers such as financial/tax consultants, lawyers or bankers for a further understanding of these risks.

10.5 SHARIAH INVESTMENT GUIDELINES, CLEANSING PROCESS, MAQASID AL-SHARIAH ASPIRATIONS AND PRINCIPLES AND ZAKAT FOR THE FUND

10.5.1 SHARIAH INVESTMENT GUIDELINES

THIS SECOND SUPPLEMENTARY PROSPECTUS DATED 21 AUGUST 2026 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 16 DECEMBER 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS DATED 17 APRIL 2023.

The following guidelines are adopted by BSSB in determining the Shariah status of investments of the Fund:

- The Fund must at all times and all stages of its operation comply with Shariah requirements as resolved by the SACSC or in cases where no specific rulings are made by the SACSC, the decisions of the Shariah Adviser.
- The Fund must be established and operated by the Manager, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Fund have to be Shariah-compliant.
- For Islamic deposits and Islamic money market instruments, they shall be based on the data readily available on Bank Negara Malaysia, the SC and the financial institutions' websites respectively.
- The decision of the Shariah Adviser shall be final.

10.5.2 CLEANSING PROCESS FOR THE FUND

- **Wrong Investment**

This refers to Shariah non-compliant investment made by the Manager. The said investment shall be withdrawn or disposed of with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in Shariah non-compliant income received before or after the withdrawal or disposal of the investment, it has to be channeled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Fund has a right to retain only the investment cost. The Shariah Adviser advises that this cleansing process (namely, channeling of income from wrongful investment to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser) shall be carried out within one (1) calendar month upon the confirmation by the Shariah Adviser. If the withdrawal or disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

- **Reclassification of Shariah Status of the Fund's Investments**

This refers to the instruments which were earlier classified as Shariah-compliant instruments but due to certain factors such as changes in the issuers' business direction and policy or failure to carry out proper Shariah contracts' transactions, which render the instruments Shariah non-compliant by the relevant authority. If this occurs, the Manager will take the necessary steps to withdraw or dispose of such instruments.

If on the reclassification effective date, the value of the Shariah non-compliant instruments held exceeds or is equal to the investment cost, the Fund which holds such Shariah non-compliant instruments must liquidate them. To determine the time frame to liquidate such instruments, the Shariah Adviser advises that such reclassified Shariah non-compliant instruments should be withdrawn or disposed of within one (1) calendar month of reclassification.

Any income received up to the reclassification effective date and capital gains arising from the withdrawal or disposal of the said reclassified Shariah non-compliant instruments made on the reclassification effective date can be kept by the Fund.

THIS SECOND SUPPLEMENTARY PROSPECTUS DATED 21 AUGUST 2026 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 16 DECEMBER 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS DATED 17 APRIL 2023.

However, any income received and excess capital gain derived from the withdrawal or disposal after the reclassification effective date at a price that is higher than the price on the reclassification effective date shall be channeled to *baitalmal* and/or charitable bodies as advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within one (1) calendar month upon the confirmation by the Shariah Adviser.

The Fund is allowed to hold the Shariah non-compliant instruments if the market price of the said instruments is below the investment cost. It is also permissible for the Fund to retain the income received during the holding period until such time when the total amount of the income received, and the market value of the Shariah non-compliant instruments held equal the investment cost. At this stage, the Fund is advised to withdraw or dispose of their holdings.

In addition, during the holding period, the Fund is allowed to subscribe to:

- any issue of new Shariah-compliant instruments by the issuer of the Shariah non-compliant instruments held by the Fund; and
- Shariah-compliant instruments of other issuer offered by the issuer of the Shariah non-compliant instruments held by the Fund,

on conditions that the Fund expedites the withdrawal or disposal of the Shariah non-compliant instruments.

10.5.3 MAQASID AL-SHARIAH ASPIRATIONS AND PRINCIPLES

The Fund is designed in accordance with the following aspirations and guiding principles as outlined in the Maqasid Al-Shariah Guidance issued by the SC:

- **Aspiration 2: Justice and Benevolence**

Principle 6: Upholding Best Practices, Codes of Conduct and Ethical Values

In line with this aspiration and principle, the Fund emphasises fairness, transparency, and the safeguarding of investors' interests. The reimbursement method for incorrect valuation and pricing of units set out in this prospectus reflects the Fund's commitment to rectify valuation or pricing errors in a manner that ensures justice for both the Fund and its unit holders.

Where an error meets or exceeds the significant threshold of 0.5% of the Fund's NAV per unit, the Manager will undertake reimbursement as stipulated, thereby ensuring that any gains or losses arising from such errors are corrected equitably. This practice upholds ethical conduct and supports the Maqasid Al-Shariah's objective of preventing harm and preserving the rights of the Fund's stakeholders.

- **Aspiration 3: Clarity and Transparency**

Principle 8: Enhancing Disclosure and Documentation

The Fund ensures quality disclosure and documentation of information by providing comprehensive and accurate details regarding its investments in this prospectus, as well as the performance of the Fund through the periodic Fund's reports.

THIS SECOND SUPPLEMENTARY PROSPECTUS DATED 21 AUGUST 2026 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 16 DECEMBER 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS DATED 17 APRIL 2023.

Through these channels, unit holders are able to access insights into the Fund's performance, enabling them to make informed decisions. This commitment to transparency also ensures a clear understanding of the Fund's trajectory and potential opportunities.

- **Aspiration 5: Fiduciary and Accountability**

Principle 11: Upholding Fiduciary Duty with Utmost Good Faith

The Manager shall exercise the degree of care and diligence in managing the Fund and effectively employ the resources to ensure that the Fund complies with the relevant SC rules and regulations, including the Shariah requirements.

With regard to the investments of the Fund, the Manager has a duty to carefully select and assess the Shariah-compliant investment instruments, conduct thorough due diligence particularly prior to the investment and monitor the performance of investments at all times to safeguard the interests of the unit holders.

10.5.4 ZAKAT FOR THE FUND

The Fund does not pay zakat on behalf of both Muslim individuals and Islamic legal entities who are investors of the Fund. Thus, investors are advised to pay zakat on their own.

THE SHARIAH ADVISER CONFIRMS THAT THE INVESTMENT PORTFOLIO OF THE FUND COMPRISES INSTRUMENTS THAT HAVE BEEN CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SHARIAH ADVISORY COUNCIL OF BANK NEGARA MALAYSIA ("SACBNM"). FOR INSTRUMENTS THAT ARE NOT CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SACBNM, THE SHARIAH ADVISER WILL REVIEW AND DETERMINE THE SHARIAH STATUS OF THE SAID INSTRUMENTS.

3.4 DISTRIBUTION POLICY

3.5 INVESTMENT OBJECTIVE

The Fund aims to provide stability of capital, regular income[□] and liquidity by investing in Islamic cash deposits and/or Islamic money market instruments.

Any material changes to the Fund's objective would require unitholders' approval.

[□] Income is in reference to the Fund's distribution, which will be in the form of cash or units. Please refer to page 16 for further details on distribution policy and reinvestment policy.

3.6 INVESTMENT POLICY AND STRATEGY

The investment policy and strategy is to invest in Islamic cash deposits and low risk Islamic money market instruments for capital preservation* and to accommodate the liquidity requirements of its unit holders.

Note: * The Fund is neither a capital guaranteed fund nor a capital protected fund.

Asset Allocation

The Fund only invests in Malaysia. The Fund will invest at least 90% of its NAV in placements of Islamic cash deposits with financial institutions and Islamic money market instruments with maturities of up to one year (365 days)*. This asset allocation may be reviewed from time to time depending on the Fund's liquidity requirements and to optimise income to the Fund.

* The Fund's investments in Islamic money market instruments may consist of those with a remaining maturity period of more than one year (365 days) but fewer than two years (732 days) **provided the Islamic money market instruments are issued by, or guaranteed by, either a government, government agency or central bank.**

The Fund's investments in Islamic money market instruments will bear a short-term rating of P2 by RAM Rating Services Berhad (RAM) or by an equivalent rating agency. Upon the event of a downgrade of credit rating to below P2, the Manager will rectify the situation which may involve the nearest opportunity for disposal of the instrument or a scheme of arrangement with the Issuer of the instrument.

Performance Benchmark

The benchmark for the Fund is Maybank Islamic Overnight Deposit rate. It is widely used and available from www.maybank2u.com.my on a daily basis. It will also be published as a comparison against the Fund's total return at least on a monthly basis in our publications and on our website.

The benchmark Maybank Islamic Overnight Deposit rate has been adopted for the Fund based on the following rationales:

- It provides a more accurate base of comparison against the Fund's performance; and
- Overnight rates provide realistic correlation as to changes in short-term deposit rates whenever there is a change in the Overnight Policy Rate[^].

[^] *The Overnight Policy Rate (OPR) will be the indicator of the monetary policy stance. The OPR will have a dual role – as a signalling device to indicate the monetary policy stance and as a target rate for the day-to-day liquidity operations of the central bank. Any change in the monetary policy stance would be signalled by a change in the OPR. It will serve as the primary reference rate in determining other market rates.*

Note: You are advised that the risk profile of the Fund is different from the risk profile of the performance benchmark.

Investment in this Fund is not the same as placement in a deposit with a financial institution. There are risks involved and investors should rely on their own evaluation to assess the merits and risks when investing in this Fund.

3.7 FINANCING AND SECURITIES LENDING

The Fund is not permitted:

- to borrow assets (except in cash for the purpose of meeting redemption request and for short-term bridging requirements); and
- to engage in repurchase transaction; and
- to lend its assets (including cash).

3.8 CROSS-TRADE POLICY OF THE MANAGER

The Manager may undertake cross trades between funds it is currently managing through approved financial institutions subject to and in accordance with the provisions of relevant laws, regulations and guidelines. The Manager's policy on cross trades shall apply as follows:

- I. A cross trade arises when a security is sold from one portfolio to another on the same day. Cross trades are effected through approved financial institutions, with supporting justification for the cross trades indicating purpose of disposal from the selling portfolio and purchase for the investing portfolio.
- II. All cross trades for equity and fixed income securities must be approved by the Managing Director and all transactions are to be verified by a compliance officer and reported to the Investment Committee of the Fund.

There should be proper documents made available for audit in respect of the above transactions.

Note: For the avoidance of doubt, cross-trade is irrelevant to the Fund if its underlying investments only consist of deposits.

3.9 PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted to invest in the following:

- Islamic cash deposits with financial institutions;
- Islamic money market instruments including but not limited to investment certificates, placement of monies at call with financial institutions and Islamic commercial papers (issued by financial institutions); and
- Any other form of Shariah-compliant investments as may be agreed upon by the Manager and the Trustee from time to time and permitted by the relevant authorities.

3.10 INVESTMENT RESTRICTIONS AND LIMITS

The purchase of investments for the Fund shall be subject to the following restrictions:

Exposure Limits

- The value of the Fund's investments in permitted investments which have a remaining maturity period of up to one year (365 days) must not be less than 90% of the Fund's NAV.

Note: notwithstanding the point above, the Fund's investments in Islamic money market instruments may consist of those with a remaining maturity period of more than one year (365 days) but fewer than two years (732 days) **provided the Islamic money market instruments are issued by, or guaranteed by, either a government, government agency or central bank.**

Placement Of Islamic Cash Deposits

The value of the Fund's placement in Islamic cash deposits with any single financial institution must not exceed 20% of that Fund's NAV or any other limit set by the Securities Commission. This limit does not apply to placements of Islamic cash deposits arising from:

- a) Subscription monies received prior to the commencement of investment by the classes of the fund;
- b) Liquidation of investments prior to the termination of the classes of the fund, where the placement of Islamic cash deposits with various financial institutions would not be in the best interests of unit holders; or
- c) Monies held for the settlement of redemption or other payment obligations, where the placement of Islamic cash deposits with various financial institutions would not be in the best interest of unit holders.

Spread Of Investments On Single Issuer

The value of the Fund's investments in Islamic money market instruments issued by any single issuer must not exceed 20% of that Fund's NAV.

Spread Of Investments On Groups Of Companies

The value of the Fund's investments in Islamic money market instruments issued by any group of companies must not exceed 30% of the Fund's NAV.

Concentration Of Investments

The Fund's investments in Islamic money market instruments must not exceed 20% of the instruments issued by any single issuer.

Note: Permitted Investments, restrictions and limits imposed under SC Guidelines shall prevail should the permitted investments, investment restrictions and limits of the Fund as disclosed above are less restrictive. It is important to note that SC Guidelines are subjected to update from time to time.

3.11 RISK MANAGEMENT STRATEGIES AND TECHNIQUES

Our risk management strategy is to conduct fundamental analysis of economic, political and social factors, on a local and global basis, to evaluate their likely implications on the local interest rate environment.

The above interest rate is a general economic indicator that will have an impact on the management of the Fund regardless whether it is an Islamic unit trust Fund or otherwise. It does not in anyway suggest that the Fund will invest in conventional financial instruments.

For the Fund, procedures will be made to ensure that all investments are fully in compliance with Shariah requirements. Risk is controlled by diversification across financial institutions and diversification of maturity profiles across placement of Islamic cash deposits and Islamic money market instruments.

The following investment procedures and internal controls are designed to control operational risk* for the Fund:

- There is strict division of duties between placement of Islamic cash deposits and/or Islamic money market instruments, confirmation, settlement and valuation;
- There are rules on trading and preventing employees to act on insider information. The Compliance department will monitor compliance and enforce disciplinary actions on any employee who has breached the code of conduct and compliance manual;
- There is daily computation of the Fund's NAV and independent verification and reconciliation;
- There are procedures for senior management, Trustee, Investment Committee and the Board of Directors to be informed promptly, to investigate and to ensure timely and appropriate rectification of any deviation and non-compliance that may arise; and
- There are limits to the placement maintained at financial institutions to manage credit risk exposure.

* Operational risk refers to the internal risk associated with inadequate systems and controls.

Note: Please refer to Section 4.1 under page 9 for liquidity risk management for the Fund.

3.12 BASES OF VALUATION OF INVESTMENTS

Pursuant to the SC Guidelines, all assets of the Fund should be valued in a fair and accurate manner at all times. The Fund is generally valued in accordance with the Fund's asset classes:

- a) Cash or Islamic cash deposits placed with Islamic financial institutions are valued on a daily basis by reference to their nominal values and the accrued profit thereon.
- b) Islamic money market instruments (with remaining term to maturity of not more than 90 calendar days at the time of acquisition) are valued each day by reference to their nominal values and the accrued profit.
- c) Islamic money market instruments (with remaining term to maturity of 90 calendar days and above, at the time of acquisition), if any, will be valued in accordance with a fair value as determined by us in good faith, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

4. RISK FACTORS

4.1 GENERAL RISKS

The following are the general risks for the Fund:

- **Reinvestment risk** – This is a risk that future proceeds (profit and/or capital) are reinvested at a lower profit rate. Reinvestment risk is especially evident during periods of falling rates where the profit payments (from existing placements) are reinvested at less than the profit rate at the time of placement. To mitigate this risk, the Manager would seek to place Islamic cash deposits with financial institutions offering competitive profit rates.
- **Inflation or purchasing power risk** – This risk refers to the effect of inflation or loss of purchasing power on the value of investment returns and the worth of the investment itself. Investors' returns from the Fund may not keep pace with inflation and hence reduce their purchasing power.
- **Credit risk** – Credit risk relates to the creditworthiness of the issuers of the Islamic money market instruments and Islamic cash deposit and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the Islamic money market instruments and Islamic deposit cash placement. In the case of rated Islamic money market instruments, this may lead to a credit downgrade which will in turn adversely affect the value of the Islamic money market instruments. This could adversely affect the value of the fund.
- **Liquidity risk** – This risk occurs during periods of unexpected high redemption by unitholders. If a fund needs to liquidate a relatively large amount of fund's existing underlyings, the act itself may depress the value of the fund due to potential interest loss, which may subsequently lead to investment loss to its unitholders.

To mitigate liquidity risk, The Fund is managed in such a way that maturities of Islamic cash deposits and Islamic money market instruments are adequately diversified across a broad range of tenures to meet potential redemptions without having to resort to early termination of placements that could potentially result in profit rate losses. We may (in consultation with the Trustee) seek temporary financing to meet redemption request, considering which is in the best interests of unitholders before we consider the suspending the dealing in the Fund's units. Please refer to Section 6.9 Suspension of Dealing in Units for more details.

4.2 SPECIFIC RISK

The following are the specific risks for the Fund:

- **Early termination of Islamic cash deposits risk** – This is the risk of the Fund having to terminate/withdraw from placements in Islamic cash deposits before the maturity date of the respective placements – due to redemptions from the Fund. As a result of the premature termination of placements, there will be a loss of a percentage or even all of the profits accumulated during the period of holding of the Islamic cash deposits, resulting in loss of income to the Fund. To mitigate this risk, the Manager anticipates the potential percentage of the Fund that may experience redemptions and allocates maturities accordingly. For example, the Manager may ensure that there are sufficient tranches of Islamic cash deposits maturing weekly to meet any potential redemptions from the Fund.
- **Profit rate risk** – This risk refers to the effect of the changes in the interest rate environment which may negatively impact the performance (e.g., profit rate) of the Fund. In the rising interest rate environment, prices of Islamic money market instruments will generally decrease and vice versa. The interest rate is a general indicator that will have an impact on the management of Fund regardless of whether it is an Islamic fund or otherwise.

Note: For the avoidance of doubt, the Fund doesn't seek to invest in fixed income securities.

Note: Please refer to the Cleansing Process for the Fund on page 27 for details.

Investment in this Fund is not the same as placement in a deposit with a financial institution. There are risks involved and investors should rely on their own evaluation to assess the merits and risks when investing in this Fund. The Manager exercises diligence in minimising the above risks to the Fund. However, it is not always possible to cover all investment risks in spite of best efforts as financial markets can be highly unpredictable. Investors are encouraged to consult their advisers such as financial/tax consultants, lawyers or bankers for a further understanding of these risks.

The annual trustee fee is calculated based on the NAV of the class(es) of the Fund's annual trustee fee rate, calculated and accrued on a daily basis and is paid out of the Fund. The annual trustee fee is payable on a monthly basis.

The annual trustee fee quoted is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

6. TRANSACTION INFORMATION

6.1 PRICING CALCULATION

The buying and selling price of units of each Class(es) is quoted based on a single price i.e. the NAV per unit of each Class(es) of the Fund. All other transactions charges, if any, will be expressed separately from the price of a unit.

Valuation Of NAV

The valuation of NAV for the Fund will be conducted at the end of each Business Day. The daily unit price attributed to the Class(es) of the Fund will be published on the next business day.

Valuation Of Units

Valuation of units is based on the NAV of the Class(es) and is **calculated at the end of every Business Day**. The NAV per unit of the Class(es) is determined by dividing the Fund's assets less its liabilities by the number of units in circulation. After the offer period, the price of a unit is calculated based on the NAV per unit of the Class(es) as at the next valuation point after we receive the original application ("forward pricing").

The NAV per unit of a Class is determined based on the formula as illustrated below:

$$\text{NAV per unit of the Class} = \frac{\text{NAV of the Class}}{\text{Number of units in circulation of the Class}}$$

The NAV per unit may be rounded to four decimal places. An incorrect valuation and/or pricing of the Class(es) shall be **considered of minimal significance** if the error involves a discrepancy of less than 0.5% of the NAV per unit of a Class(es) of the Fund. Any pricing discrepancy of 0.5% or more of the NAV per unit of a Class(es) will be rectified as stated in the Fund's deed unless the total impact of the discrepancy on an individual account is less than RM10.00 as the transaction cost may be more than the amount adjusted.

An incorrect valuation and/or pricing **not considered to be of minimal significance** by the Trustee shall result in reimbursement of moneys in the following manner. Subject to the Fund's Deed, the reimbursement shall be made to the disadvantaged parties resulted from the incorrect pricing. The reimbursement may be made:

- a) by us to the Fund;
- b) by the Fund to us; and/or
- c) by us to unit holders and/or former unit holders.

If we receive your duly completed original application form and payment (cleared funds) to purchase the Fund **by the cut-off time of 3:00 p.m. on any business day**, the NAV per unit will be calculated based on the NAV per unit at the end of that Business Day. Any application form (original copy) received after this cut-off time will be considered as being transacted on the next Business Day and will be subjected to the NAV per unit of the Fund on the next Business Day.

Multi-class Structure

The following table illustrates how a multi-class fund's net asset value per unit(s) is derived:

	fund (MYR)	class 1 (MYR)	class 2 (MYR)
Net asset value of the fund before income and expenses	200,000,000	180,000,000	20,000,000

Add: income	10,000	9,000	1,000

Net asset value of the fund before management fee and trustee fee	200,009,000	180,008,100	20,000,900
a Less: management fee (assuming 0.25% p.a. for class 1 and 0.20% p.a. for class 2)	1,342.53	1,232.93	109.59
b Less: trustee fee (up to 0.025% p.a.)	134.25	123.29	10.96
Net asset value of the fund	200,007,523.23	180,006,743.78	20,000,779.45
Units in circulation	335,000,000	300,000,000	35,000,000
c Net asset value per unit		0.6001	0.5715
Notes: <i>a & b - . Management fee and trustee fee calculated based on the respective class net asset value * [fee in p.a. ÷ (365 or 366)] × net asset value before management fee and trustee fee. As both management fee and trustee fee are quoted in per annum basis, the fees will be converted into daily basis first before the payable fees are derived.</i>

6.4 PURCHASE

The Price of a Unit of the Class(es) of the Fund

The price of each unit is calculated based on the NAV per unit of Class(es) of the Fund as at the next valuation point after the original application form and payment is received by the Manager ("forward pricing").

Example:

NAV per unit RM1.0027

Sales charge Nil

Assuming the NAV per unit of Class(es) of the Fund on a Business Day is RM1.0027 and if you make a payment of RM1,000,000, the amount to be invested in the Fund and, the sales charge to be paid by you are calculated as follows:

Total amount invested = RM1,000,000.00

Total sales charge (0.00%) incurred = RM0.00
(0.00% x RM1,000,000.00)

Total amount to be paid by you = RM1,000,000.00

Units issued to you = RM1,000,000.00 / RM1.0027 = 997,307.27 units

There are fees and charges involved and investors are advised to consider them before investing in the Fund. All fees and charges payable to the Manager and/or the Trustee are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time. All fees, charges and expenses are rounded to two decimal places.

Purchase of Unit Procedure

In addition to the submission of the above form, you may be required to forward to us additional documents to authenticate your identification when transacting units of the Fund. We may for any reason at any time, waive existing procedures, and/or prescribe applications for units in any other form or manner whether for all/any particular investor, at our discretion.

Please note that if you are a US Person, you are not eligible to subscribe to the Fund. We reserve the right to return your investment without advance notice if we become aware that you are a US Person who holds any Class(es) of the Fund. Such rule will only take effect 20 Business Days from the date of this Prospectus.

Investors are advised NOT to make payment in cash when purchasing units of the units of the Class(es) of the Fund via any Unit Trust Consultants (including our relationship manager).

There is no minimum redemption amount for the Fund. For partial redemption, the minimum balance to be maintained in your unit trust account must be 500,000 units or such sum as may be decided by the Trustee and the Manager from time to time. If there is intention to increase the minimum units or sum, the Manager will inform the existing unit holders of the change via a written notice and its effective date of the change must not be less than 14 days from the date of the notice. Additionally, the Manager will notify unit holders of the change via an semi-annual or annual report, whichever is earlier.

If units in your account are less than the minimum holding after the redemption application is made, all units in your account will be redeemed automatically.

6.6 SWITCHING FACILITY

To carry out a switching transaction, you may send your instruction through our designated transaction form or by issuing a formal letter of such request to the Manager's office by 3:00 p.m. on any Business Day.

There are no restrictions on the number of switching transactions that you may carry out; however, all switching transactions are subject to the following conditions:

- You may switch your investments into all other Funds managed by the Manager. However, only Sophisticated Investors (any person who falls within any of the categories of investors set out in Part I, Schedules 6 and 7 of the Capital Markets And Services Act 2007; and such other investor(s) as may be permitted by the Securities Commission from time to time and/or under the relevant guidelines) are allowed to switch into wholesale funds;
- Switching into a Class is subject to you satisfying the relevant subscription restrictions indicated on page 4 above as well as the minimum holding applicable to that particular Class; and
- The minimum number of units to be switched is 1,000 units and the value of units switched must meet the minimum investment amount of the switch-in Funds, whichever is higher; and
- The minimum number of units required to be held in the switch-out Fund is 500,000 units or such sum as may be decided by the Manager from time to time for a partial switch.

Switching will be carried out at the prevailing NAV per unit (of the fund/class to be switched from and the fund/class to be switched into) on a Business Day, when we receive the switching request by 3:00 p.m. on any (subject to availability and terms of the fund to be switched into).

Should the sales charge of a fund to be switched into is higher than the sales charge imposed on a fund to be switched from, then the difference in the sales charge between the two (2) funds shall be borne by you. There will be no sales charge imposed if the fund to be switched into has a lower sales charge than the fund you are switching out from.

If you have been imposed the highest sales charge in your switching transaction among our Funds, you are no longer required to bear any sales charge difference for subsequent switch transactions involving this specific batch of your investments.

You are not entitled to any refund for the sales charge paid on a fund being switched from, which exceeds that imposed on a fund to be switched into.

Fees and charges quoted are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time.

6.7 TRANSFER

The transfer form must be completed in the presence of a witness. For partial transfer, the minimum balance to be maintained in your unit trust account must be 500,000 units or such sum as decided by the Trustee and the Manager from time to time.

If the market price is higher than the original price, the original price at the point of cooling-off.

The cooling-off proceeds (including the sale charge imposed on the day the units were purchased) will be refunded to you within seven (7) Business Days.

* forward pricing is applicable.

6.9 SUSPENSION OF DEALING IN UNITS

The Manager may, in consultation with the Trustee and having considered the interests of the unitholders, suspend the sale and/or redemption of units due to exceptional circumstances, such as where the market value or fair value of a material portion of the Fund's assets cannot be determined. For avoidance of doubt, difficulties in realising the Fund's assets or temporary shortfalls in liquidity may not, on their own, be sufficient justification for suspension.

Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, redemptions, switching and/or transfers of units. If we have earlier accepted your request for redemptions and switching of units, please note that the requests will only be processed on the next Business Day after the cessation of suspension of the Fund. You will be notified of the suspension and when the suspension is lifted.

Class(es)	Distribution Policy
Class A	Monthly, depending on the availability of realised income and/or realised gains and at the Manager's discretion.
Class B	

Distribution of income is in the form of cash or units subject to the availability of realised income and at the Manager's discretion.

You may opt for income distributions to be paid out to you directly in cash by way of a distribution cheque or transfer to your bank account. In the absence of written instructions to the contrary, distributions declared by respective Class(es) of the Fund will be automatically reinvested into additional units of the Class(es) of the Fund based on the NAV per unit of the Class(es) of the Fund on the next Business Day after the declaration of distributions at no cost.

Income distribution amounting to less than or equal to the amount of RM200 will be automatically reinvested on the next Business Day. Similarly, distribution cheques that are returned through mail will be reinvested based on the Class(es)'s NAV per unit on the date we receive the returned mail.

Income distributions are not guaranteed and may not be repeated. Distributions of income will only be made from realised gains or realised profit sharing income derived from the investments of the Fund.

The request for payment of income distribution proceeds via cheque is treated on a case-to-case basis and subject to the Manager's approval. You will be charged a service fee of up to RM50 for each cheque requested and you will receive your income distribution proceeds net of the service fee. A returned cheque through mail (if any) will be reinvested based on the respective Fund's NAV per unit on the date that we received the cheque. You are encouraged to opt for bank transfer for income distribution as there will be no fee imposed. Kindly contact us at 03-7712 3000 or your Relationship Manager if you need further clarification.

Unit prices and distributions payable, if any, may go down as well as up.

6.11 UNCLAIMED MONEYS

For any distribution cheques which are left uncashed upon lapse of the six-month cheque validity period, we shall reinvest the distribution into additional units of the Fund on your behalf, based on the Fund's NAV per unit on the said expiry date.

Subject to the relevant laws and notwithstanding anything contrary in the Deed, any of the Class of units may be terminated or wound-up as proposed by the Manager with the consent of the Trustee (which consent shall not be unreasonably withheld) and without a special resolution being passed at a meeting of Unit Holders if any law has been passed which renders it illegal or in the opinion of the Manager impractical or inadvisable to continue any of the Class of units and the termination is in the best interest of the Unit Holders. 7.10 ISSUANCE AND/OR ESTABLISHMENT OF NEW CLASSES

The Manager shall have the sole and absolute right to issue and/or establish other, different or new classes of units of the Fund with different and/or similar features including but not limited to fees, charges, currency and/or distribution policy with that of the existing units without the need to seek unitholders' prior approval provided the issuance of other classes and the imposition of the terms shall not in the opinion of the Manager and trustee prejudice the rights of the unitholder of the current classes of units to the Fund. - The Fund must at all times and all stages of its operation comply with Shariah principles as resolved by the SACSC or in cases where no specific rulings are made by the SACSC, the decisions of the Shariah Adviser.
- The Fund must be raised and operated by the Manager, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Fund have to be Shariah-compliant.
- For Islamic money market instruments, they shall be based on the data readily available on Bank Negara Malaysia and/or SC websites.
- The decision of the Shariah Adviser shall be final.

Cleansing Process for the Fund

- **Wrong investment**

This refers to Shariah non-compliant investment made by the Manager. The said investment shall be disposed of/withdrawn with immediate effect, if possible; or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in Shariah non-compliant income before or after the disposal of the instrument, it has to be channeled to *baitulmal* and/or charitable bodies advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process (namely, channeling of income from wrongful investment to *baitulmal* and/or a charitable bodies advised by the Shariah Adviser) shall be carried out within two (2) calendar months from the said disposal/withdrawal date. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

- **Reclassification of Shariah Status of the Fund's Investments**

This refers to the instruments which were earlier classified as Shariah-compliant instruments but due to certain factors such as changes in the issuers' business direction and policy or failure to carry out proper Shariah contracts' transactions, which render the instruments Shariah non-compliant by the relevant authority. If this occurs, the Manager will take the necessary steps to dispose of such instruments.

If on the reclassification effective date, the value of the Shariah-non compliant instruments held exceeds or equal to the investment cost, the Fund which holds such Shariah non-compliant instruments must liquidate them. To determine the time frame to liquidate such securities, the Shariah Adviser advises that such reclassified Shariah non-compliant instruments should be disposed of within one (1) calendar month of reclassification.

Any income received up to the reclassification effective date and capital gains arising from the disposal of the said reclassified Shariah non-compliant instruments made on the reclassification effective date can be kept by the Fund.

However, any income received and excess capital gain derived from the disposal after the reclassification effective date at a price that is higher than the price on the reclassification effective date shall be channeled to *baitulmal* and/or charitable bodies advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within two (2) calendar months from the above disposal date.

Zakat for the Fund

The Fund does not pay zakat on behalf of both Muslim individuals and Islamic legal entities who are investors of the Fund. Thus, investors are advised to pay zakat on their own.

THE SHARIAH ADVISER CONFIRMS THAT THE INVESTMENT PORTFOLIO OF THE FUND COMPRISES INSTRUMENTS THAT HAVE BEEN CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SHARIAH ADVISORY COUNCIL OF BANK NEGARA MALAYSIA ("SACBNM"). FOR INSTRUMENTS THAT ARE NOT CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SACBNM, THE SHARIAH ADVISER WILL REVIEW AND DETERMINE THE SHARIAH STATUS OF THE SAID INSTRUMENTS.

Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this Replacement Prospectus in connection with the offer of units in the unit trust fund known as BOSWM Islamic Deposit Fund (hereinafter referred to as "the Fund").

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as 'permitted expenses') not directly related to the production of income, as explained below.

"Permitted expenses" refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A** is the total of the permitted expenses incurred for that basis period;
 - B** is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C** is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**
All Malaysian-sourced dividends should be exempt from income tax.
- **Malaysian sourced interest (profits)**
 - (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
 - (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
 - (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
 - (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
 - (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002²;
 - (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
 - (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

Foreign sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will be subject to tax. Foreign sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to

30 June 2022 will be taxed at 3% of gross, and from 1 July 2022 onwards at the prevailing tax rate(s) of the taxpayer. Bilateral or unilateral tax credit may be allowed if the same income has suffered foreign tax, and where relevant conditions are met. On 30 December 2021 the Ministry of Finance (MOF) issued a press statement stating that certain types of FSI of resident taxpayers will continue to be exempt from tax, subject to conditions. This exemption will apply to the foreign-sourced dividend income of companies and limited liability partnerships, and all FSI of individuals (except individuals carrying out business in Malaysia through a partnership). The tax exemption will be effective for five years from 1 January 2022 to 31 December 2026 and will be subject to conditions which will be outlined in guidelines issued by the Inland Revenue Board (IRB). Unit trusts were not included in the MOF press statement and the relevant IRB guidelines have yet to be issued.

Gains from the realisation of investments

Pursuant to Section 61(1)(b) of the MTA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

Implementation of Sales and Service Tax ("SST")

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration.

Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a "taxable person", who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as "taxable services").

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units. The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders	Malaysian income tax rates
Malaysian tax resident: - Individual and non-corporate unit holders (such as associations and societies) - Co-operatives⁴ - Trust bodies	- Progressive tax rates ranging from 0% to 30% - Progressive tax rates ranging from 0% to 24% 24%
- Corporate unit holders (i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment^{5 6} (ii) Companies other than (i) above	- First RM600,000 of chargeable income @ 17% - Chargeable income in excess of RM600,000 @ 24% 24%
Non-Malaysian tax resident (Note 1): - Individual and non-corporate unit holders - Corporate unit holders and trust bodies	30% 24%

Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

⁴ Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society—

- (a) in respect of a period of five years commencing from the date of registration of such co-operative society; and
- (b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit, is exempt from tax.

⁵ A company would not be eligible for the 17% tax rate on the first RM600,000 of chargeable income if:-

- (a) more than 50% of the paid up capital in respect of the ordinary shares of the company is directly or indirectly owned by a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
- (b) the company owns directly or indirectly more than 50% of the paid up capital in respect of the ordinary shares of a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
- (c) more than 50% of the paid up capital in respect of the ordinary shares of the company and a related company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment is directly or indirectly owned by another company.

⁶ The above excludes a business trust and a company which is established for the issuance of asset-backed securities in a securitization transaction approved by the Securities Commission.

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits – new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions – unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.

We hereby confirm that, as at the date of this letter, the statements made in this letter correctly reflect our understanding of the tax position under current Malaysian tax legislation and the related interpretation and practice thereof, all of which are subject to change, possibly on a retrospective basis. We have not been retained (unless specifically instructed hereafter), nor are we obligated to monitor or update the statements for future conditions that may affect these statements.

The statements made in this letter are not intended to be a complete analysis of the tax consequences relating to an investor in the Fund.
